

THE ABW OFFICE. RELATO

PEOPLE X PLACE X TECHNOLOGY

Work gets easier now

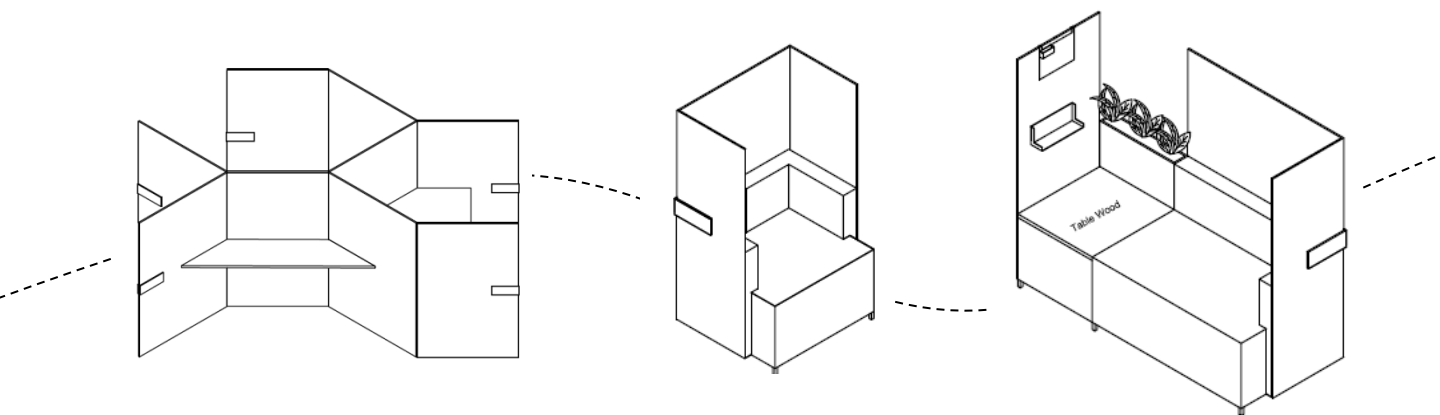

WHERE
EVERYTHING
INSPIRES!®

The new way of thinking for the ongoing revolution of offices today towards an Activity Based Working office by the unique blend of People x Place x Technology together. Boosting performance, efficiency and innovation through an immersive flow experience workplace environment by delivering wellness & wellbeing for everyone, everywhere.

Relato Selection – inspired by Tetris. Designed to match into various spaces, creating an inviting ambience for each work activity.

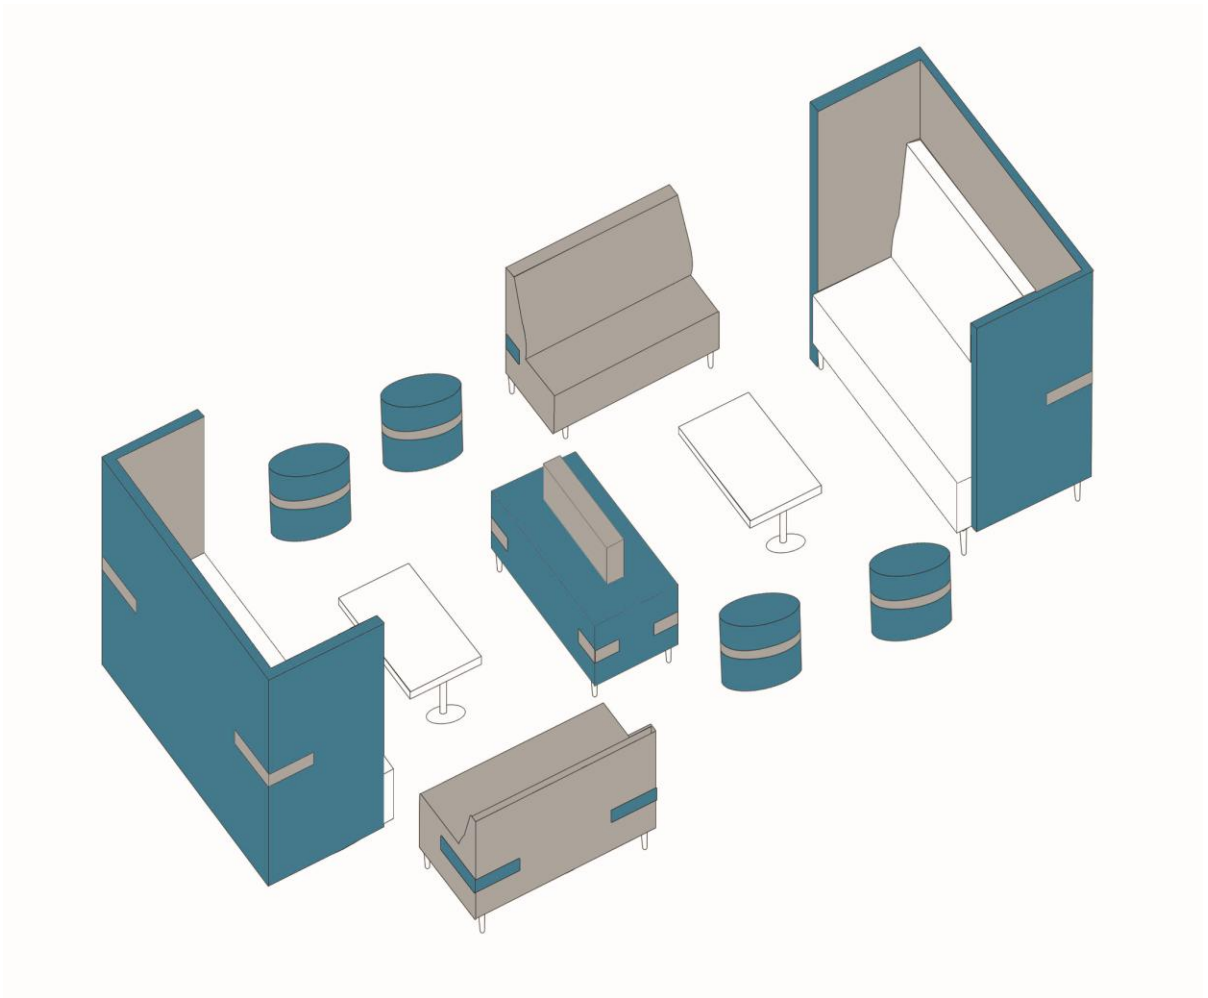

RELATO OFFICE

Delivering the Activity Based Working office solution with the right technology and acoustic for each activity. A workplace environment that fosters empowerment which supported by trust, results in responsibility that makes decision making more efficient and easier.

REJUVENATE & RECHARGE

Get some shield in the new spaces within a busy environment, real pauses for thought and respite for thinkers, attractive, comfortable as well as functional.

THE FOCUS WORKPOD

The workpod that provides a solution for individual short term focus work, be it for the individual focused work away from general workstation environment or as a temporary location for a non-desk-based employee.

THE RIGHT OPENESS

Provide the right openness for different activities. Workpod for high concentration focus work and phonebooth offers privacy to make uninterrupted phone calls. Applying acoustic screen in workstation to better control the noise level in an activity based working office environment.

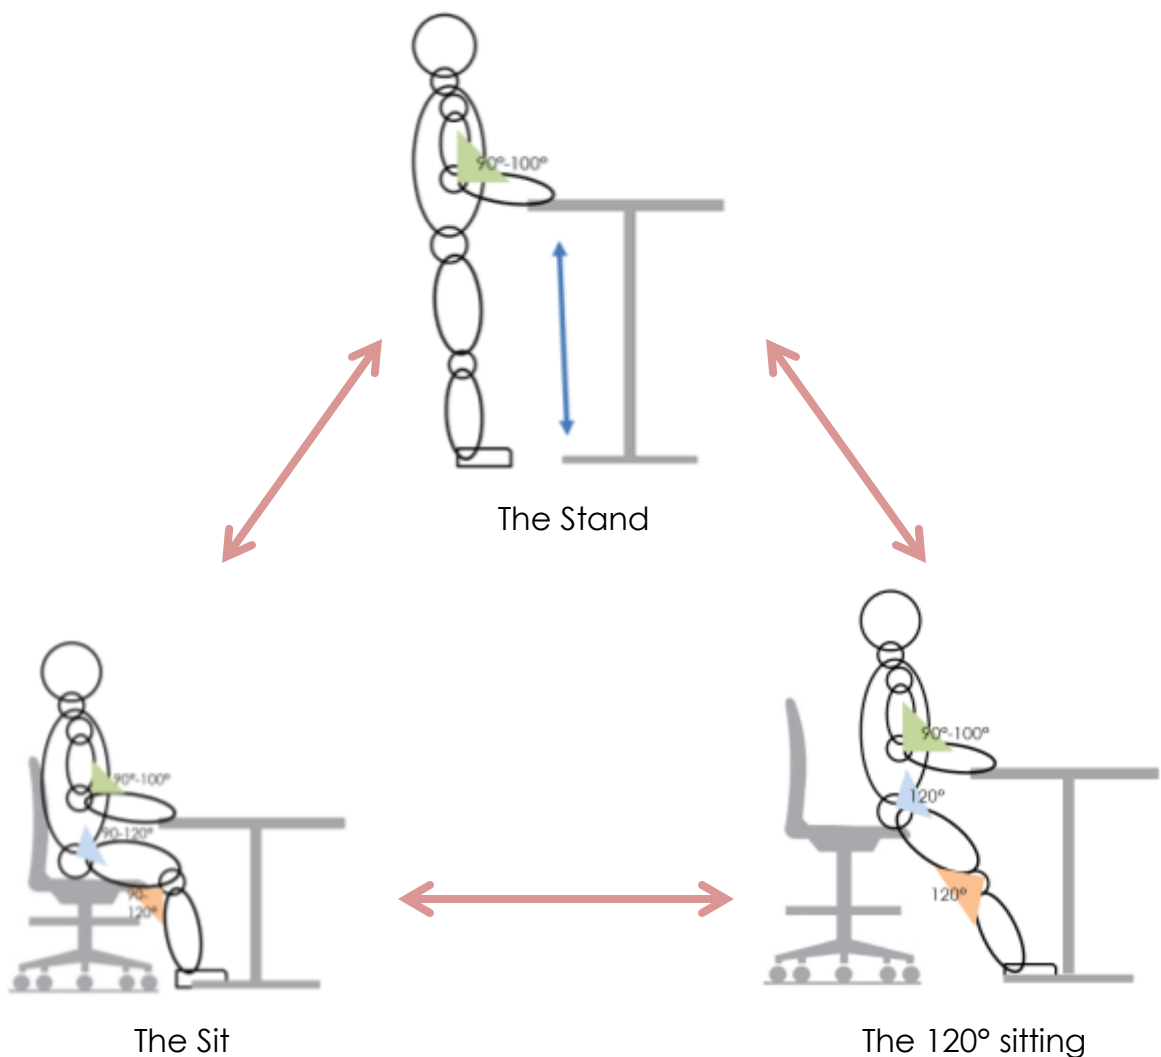

RELATO - HEALTH

WITH THE CONCEPT OF 3 WORKING POSTURES

Prolonged sitting for hours in an office working environment is likely to bring harm to your body. Get your body to move to minimize body strain/fatigue by changing working postures is the best remedy. Oasis Health & Wellness Design Group has collaborated with ergonomists to provide office furniture that allow users to alternate between 3 working postures and keep our body in a healthy manner.

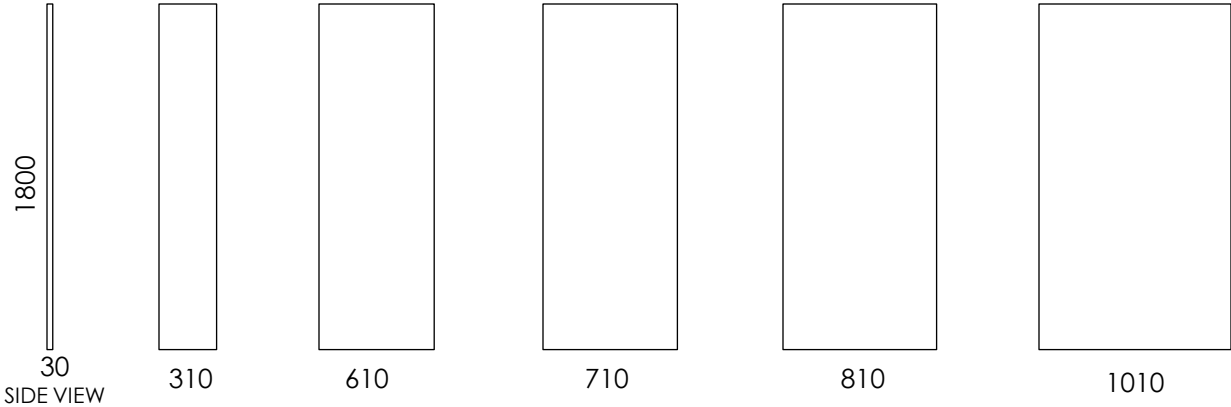

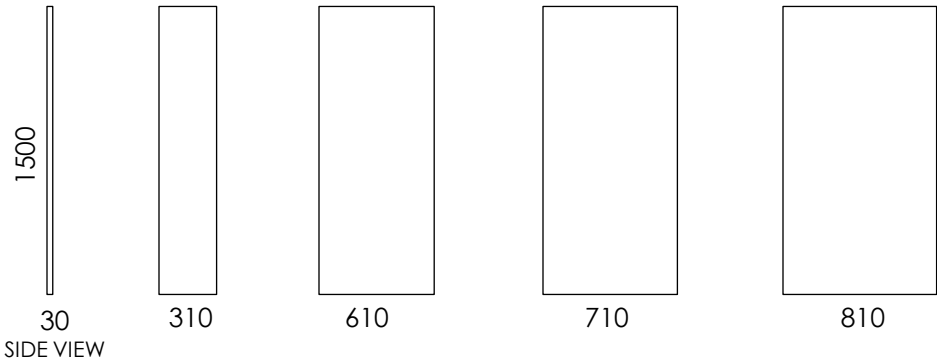

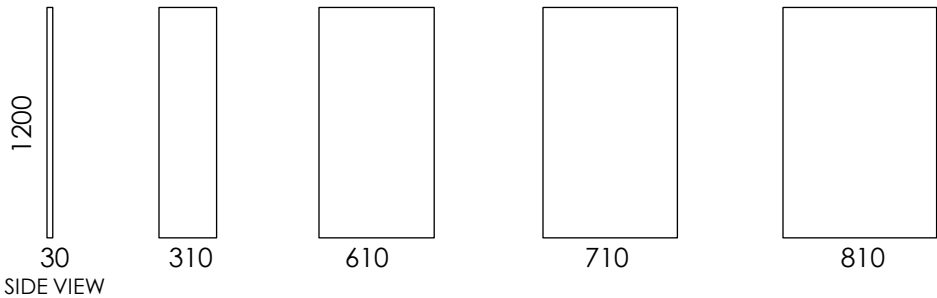

It is healthy work habits to alternate our working postures between the 120° sitting, the stand and the sit with duration of 30 minutes for each posture. Our body deserves a better working environment for better future. Today's practice determines tomorrow's health. Let's stay healthy in workplace with the right working postures start from today!
